Simplifi+[®] Pharmacy Compliance and Sentri7[®] Clinical Surveillance—Designed by pharmacists for pharmacists.

Introducing a comprehensive suite of pharmacy compliance and clinical surveillance solutions designed by pharmacy experts, on a single platform, with tailored workflows, and reporting.

Access our turnkey applications on the SoleSource platform with Simplifi+ and Sentri7 to:

- Use AI to detect drug diversion quickly to keep patients and staff safe
- Drive proactive medication intervention to reduce costs and risks
- Streamline USP compliance
- Enhance IV workflow management
- Automate drug inventory oversight
- Keep medication storage compliant

With Simplifi+ and Sentri7, expect the innovation and expert support of Wolters Kluwer every step of the way.
