

Professional Medical-grade Refrigerators

GX Solutions from Helmer Scientific

Featuring OptiCool™ Technology

GX Cold Storage Solutions Offer Quiet, Energy Efficient Performance

OptiCool™ technology pairs a variable capacity compressor (VCC) and natural refrigerants to efficiently manage energy consumption

- » Quiet operation, 3X less than traditional models
- » 50% reduction in energy usage compared to conventional technology
- » Reduces operating costs and supports sustainability initiatives

Energy savings
Quiet Operation
Supports sustainability initiatives
