

100's of pharmacies are subscribing to DOSIS Systems automation...

Benefits of the DOSIS Systems Subscription

- Month-to-month agreement allows you to analyze the effectiveness of automation
- Scale the system up or down per your production needs
- No need to raise large amounts of capital
- Replace components with newer versions over time
- Regular optimization reviews with your Account Manager

DOSIS Systems' pharmacies focus on workflow optimization and utilize automation as a tool to produce more blister cards with less effort. Additionally, they are able to scale the system to match their production needs.

What is DOSIS Systems?

Integrated workflow software and autonomous hardware for blister card producing pharmacies.

Automating the pharmacy. www.dosis.com • (877-626-2422)
