

In response to the “new normal” in pharmacies around the country, The Compliance Team is offering a new certification program to help keep pharmacies on the leading edge of patient protection.

Pharmacy Testing Certification for COVID-19 and beyond.

- Provides pharmacies with the education and tools necessary to achieve Pharmacy Testing Certification for COVID-19 and other CLIA Waived tests.
- Offers pharmacies new revenue opportunities via Point of Care and Collect and Transfer testing.
- Assures pharmacy customers, payers, and employees that their pharmacy testing quality has been validated by a third party.
