

Strengthen your pharmacy with accreditation and certification.

Operational excellence leads to clinical excellence.

“After going through The Compliance Team’s accreditation process, we’re not only a better business, we’re a better pharmacy.”

— John Richards, Pharm.D.,
Professional Village Pharmacy,
Sacramento, CA

“When we are audited by the DEA and PBMs, our Community Pharmacy Accreditation gives us the confidence that our paperwork is complete and accurate.”

— Trish White, RPh,
Harry Race/Whites
Pharmacy and Home Medical
Equipment, Sitka, Alaska

The Compliance Team’s simplified, operations-based standards are what set us apart from other accreditation organizations. That and the **Exemplary Provider**[®] designation you obtain when you successfully complete the program.

Benefits of accreditation/certification:

- Identify gaps in operations/service
- Identify opportunities for improvement
- Ensure consistency of processes
- Improve patient outcomes
- Enhance business practices
