

**“After going through  
The Compliance Team’s  
accreditation process,  
we’re not only a better business,  
WE’RE A BETTER PHARMACY.”**

**John Richards, Pharm.D.**

Professional Village Pharmacy, Sacramento, CA

Community Pharmacy / Non-Sterile Compounding / DMEPOS

### ***Operational Excellence Leads to Clinical Excellence.***

What sets TCT apart from other accreditation organizations is that our Community Pharmacy standards target the areas that improve your **Operations, Adherence, and Outcomes.** Medication Adherence, Medication Therapy Management, Immunization processes, Point-of-Care Testing, and Medication Reconciliation are all core components of our standards.

Also included is our new **Clinical Disease Management** program, which recognizes a pharmacy’s expanding role from a transaction-based to a clinical-based services practice.

## **The Compliance Team™**

***Accreditation. Simplified.***

Community Pharmacy Accreditation offers you a path to overall clinical excellence. Choose to be an Exemplary Provider®.
