

# TRANSFORM YOUR INPATIENT PHARMACY

- ✓ Improve Financial Performance
- ✓ Enhance Operational Capabilities
- ✓ Better the Patient Experience

For hospitals and health systems, the pharmacy provides an opportunity to realize significant, measurable improvements that benefit their entire organization. The right mix of resources, tools, and expertise can differentiate an excellent pharmacy from a middling one. Nobody knows this better than CPS.

## CONSIDER SOME OF OUR RESULTS

- Revealed a **\$28 million cost savings opportunity** for a large hospital
- **Captured \$11.9 million in cost savings** for a mid-sized hospital
- Addressed hyperinflated drug use and **reduced costs by more than \$6 million**
- **Reduced readmissions from 15% to 2%** through medication management
