

A culture based
on **Quality.**

Solutions
based on pharmacists.

For over a quarter century, Fagron has had a continuous focus on high quality personalized pharmaceutical care, innovations, and solution-oriented thinking.

With one of the largest quality networks in the world, Fagron utilizes a proprietary Quality Intelligence System (QIS) and publishes scientific data to ensure pharmacists feel confident in the products they rely on.

For a spectrum of high quality compounding solutions, choose Fagron, Inc.
