

Pharmacy
accreditation
strengthens
your chain's
performance
and consistency.

A pharmacy chain is only as strong as its weakest link.

Maintaining consistent pharmacy practices in every store is a day-to-day challenge.

Our simplified, customized approach to chain-wide standardization enables you to provide the value-based care that your patients deserve and gives you the time to develop new and profitable offerings.

Our industry-leading *Exemplary Provider*[®] accreditation designation tells your patients that your stores practice the highest standards of patient care and quality.
