

Strategic Purchasing and Operations Solutions that Raise the Bar

At Innovatix we're constantly raising the bar for what's possible—and what should be expected—of a group purchasing organization. In addition to offering an industry-leading purchasing portfolio, Innovatix is committed to developing programs that help our members thrive.

Our suite of pharmacy operations improvement programs are designed to address your operations needs without distracting from your main mission—providing high-quality patient care.

Innovatix Suite of Pharmacy Operations Improvement Programs

Get hands-on support to help achieve recognition from accrediting bodies.

Obtain guidance and clarity on specialty pharmacy credentialing and the evolving payer landscape.

Remove the barriers to serving your patients' specialty needs.

Navigate the Medicare Part D arena effectively and save on claims.

Use the industry's most complete tool for accurate and reliable reimbursement services.

Innovatix is a PREMIER company
