CONTINUING EDUCATION APPS
FOR HEALTHCARE PROFESSIONALS

Mobile apps offer busy healthcare professionals a convenient and straightforward tool to quickly research available and upcoming continuing education activities by accredited CE and CME providers (live seminars, online activities, webinars, etc.).

CE MOBILE WEB APPS OFFER HEALTHCARE PROFESSIONALS:

- Quick and convenient access to available and upcoming CE
- Access via any mobile device (iPhone, iPad, Android, Blackberry, etc.)
- Filter options to identify courses of interest
- Calendar views for monitoring upcoming events
- RSVP options for live events, webinars, and seminars
- Sharing capabilities via Facebook, Twitter, and LinkedIn

Through **CEAppCenter.com**, discover and download mobile web apps offered by your favorite continuing education providers.
