

PHARMACY
FLU SHOTS

R.J. Hedges & Associates Pharmacy Immunization Compliance Program

provides your pharmacy with the proper policies and procedures needed to remain compliant with immunization guidelines.

Pharmacy Immunization Compliance Policy and Procedure Program includes:

- Easy to read and follow policies and procedures with necessary documents needed to implement an immunization program
- An outline/plan to implement a 10-15 minute vaccination process
- Guidance to help you and your staff perform efficient, compliant and professional immunizations
- Instructions for properly documenting and recording physicians' standing orders
- A Bloodborne Pathogen Plan that specifically addresses applicable OSHA Rules and Regulations
- A Hazard Communication Plan that specifically addresses applicable OSHA Rules and Regulations
- Facility Safety Program
- Training videos
- Workflow management

What's The Advantage?

Providing immunizations will generate more traffic into your pharmacy, thus increasing OTC, retail and prescription sales.
