

PillPick™

Pharmacy Automation System

Fully Integrated and Automated

Decreases human touches, reduces medication errors, and enhances patient safety

Multi-Tasking

Packages and dispenses first doses to cart fill or cabinets simultaneously

Efficient

Improves staff utilization while dispensing and delivering medications at faster rates

Inventory Management

Improves tracking and minimizes waste

Manages Medication Returns

Automatically restocks medications into PillPick and credits the patient account

Patented PickRing™

Flexible plastic ring which ensures Right Patient, Right Drug, Right Dose, Right Route, Right Time

Contact Swisslog for more information about how PillPick will complete your medication management cycle.
