

Absolutely the Best Wireless Monitoring System & Most Innovative Med Refrigerator Ever!

VersaTrak & VersaFridge Offer You the Best Accuracy & Durability

Consider the only wireless temperature monitoring system with built-in calibration combined with the most versatile refrigerators for your pharmacy. You'll have that when you purchase a VersaTrak wireless temperature monitoring system and purchase VersaFridge refrigerators for medical-grade storage throughout your facility.

VersaTrak is built around easy-access, user-friendly screens such as this one

Readable, useable, adjustable report functions set VersaTrak apart from other brands using problem-prone web-page printouts for reports

Check and validate system accuracy as often as you want, free, with VersaTrak built-in Automatic NIST Calibration (ANC) feature

Demonstrate system accuracy to accreditation teams with NIST calibration certificates, produced by VersaTrak's exclusive NIST verification feature

Fully integrated—See opposite page

Innovative Versa-Fridge compressor/fan module can be changed out in less than a minute, so never a need to remove stored pharmacy items when a unit fails:

- Lifetime warranty on cabinet — *lasts forever!*
- 5-year warranty on "slide-in/slide-out" refrigeration module
- "Hot-swappable" refrigeration module — 45 seconds and done!
- Interchangeable drawers & shelves — mix, match or change out

Just a few of the innovative features available exclusively from the VersaTrak* monitoring system:

- Auto-NIST calibration—check system accuracy as often as you want—it's mouse-click easy and free!
- The only system with "Intelligent Messaging" notifications, allowing you to respond to notification via the delivered message
- Unmatched system security—firewall protects pharmacy from changes made by other departments
- Unmatched 24/7 customer support

VersaFridge Eliminates Pharmacy Involvement in Fridge Failures!

Eliminate cabinet replacement forever with VersaFridge front-access slide-in, slide-out module

* Meets JACHO, ADA, CAP, AABB, FDA & USDA for monitoring, alerting & documentation

VersaFridge—The Forever System: It's Infinitely Better!

Quantum-leap Innovation—Compatible, Interactive Monitoring & Refrigeration from One Source!
