Humco Compounding Syrup and Suspending Vehicles

Humco Compounding - Your complete resource for oral pharmaceutical compounding bases and vehicles. We offer a full range of syrups and suspensions from cherry flavored, flavor-free, all-in-one, and sugar-free, to specialized vehicles for diabetic/hypersensitive patients. Our oral compounding vehicles are formulated for enhanced compounding efficiency while providing an elegant, uniform syrup or suspension that is physically stable and dependable.

Company Background

Humco Compounding is built on a proud history of more than 140 years manufacturing quality products for the pharmaceutical industry.

Through our innovative spirit and continued investment in research and development, we have established a reputation for creating, developing, and manufacturing a diversified line of non-sterile topical and oral pharmaceutical compounding bases. Our compounding products range from ready-to-use topical creams and gels to oral syrups and suspensions. Our products are designed to provide the optimal delivery system for a specific formulation based on the desired route of administration and therapeutic intent.

Our compounding products are tailored to meet your non-sterile compounding needs while reducing the compounding preparation time. Our goal is to help improve the therapeutic outcome for your patients.

We stand on a foundation of specialized resources and exceptional customer service. We are proud to offer our compounding pharmacists a free Compounding Resource Center staffed by certified pharmacy technicians to provide formulation and technical assistance.
