Company Background

Suncrest is a solution driven software company in pharmacy and healthcare. Combining forward thinking ideas with simplicity and use, Suncrest provides the tools you need to thrive in communication, queue management, and will call. We are dedicated to helping you grow customers, optimize workflow, and increase ROI. In our spare time, our team enjoys practicing flawless dance moves, giving high fives, and getting jiggy with it, all of which makes us better at what we do.

Product Overview

DisplayRx™ allows pharmacies, clinics, and retail stores to privately alert customers to service counters, promote services, showcase products, and direct traffic all with no interruption to workflow. DisplayRx™ is a Microsoft-based program that allows you to quickly and easily create and schedule slides, upload images, and point to web-based media, giving you a powerful advertising tool with unlimited ad space that you control. By integrating with leading pharmacy management companies, DisplayRx™ has quickly become the number one pharmacy and healthcare digital signage company in today's market.

Features & Options

- HIPAA compliant customer notifications.
- Promote products and services with unlimited ad space that you control.
- Decrease customer wait times.
- Reduce lines and interruptions at service counters.
- Streamline workflow.
- Impress and inform customers in waiting areas.
- Includes a queue management option.

Product Specifications

- Microsoft-based.
- Can be uploaded on multiple workstation computers for no extra charge.
- Works with interface or as a stand-alone system.
- Right side content can be managed on-site or from a regional location and pushed to multiple locations.

Testimonials

"We have installed DisplayRx™ in all six of our locations. It saves time paging patients while reducing lines and noise pollution in our waiting areas. My patients and employees have embraced the system as invaluable."
— Jeff Hunt RPh, Pharmacy Director, Suncoast Community Health Centers

"Working with the team at Suncrest has been a pleasure. DisplayRx™ has been well received by our customers who feel it saves time knowing when their RX is ready and alerts them to check out right away rather than waiting to be called up. Additionally, from a management perspective, having access to turn around times helps with our performance improvement and QA Goals."
— Adria Kerr, RPh, Retail Pharmacy Manager, LSU Baton Rouge Mid City Pharmacy

Additional Product Lines

- **HangRx™:** Automated will call and bin management/hang up bag system.
- **UCheck-In Kiosk™:** Customer self-check-in and queue management system.

Markets Served

Retail Independent; Retail Chain; Hospital Outpatient; Health Clinic

Pricing Information

DisplayRx™ digital signage and notification software is available with subscription pricing, meaning very little up-front and monthly cost. Our simple and affordable subscription pricing rarely needs to wait for fiscal budget approvals, which leads to a shorter sales cycle and getting you what you need now.
