Company Background

Headquartered in Dublin, Ohio, Cardinal Health, Inc. is a distributor of pharmaceuticals, a global manufacturer and distributor of medical and laboratory products, and a provider of performance and data solutions for healthcare facilities.

We are a crucial link between the clinical and operational sides of healthcare, delivering end-to-end solutions and data driving insights that advance healthcare and improve lives every day. With deep partnerships, diverse perspectives, and innovative digital solutions, we build connections across the continuum of care.

With more than 50 years of experience, we seize the opportunity to address healthcare's most complicated challenges — now, and in the future.

We deliver products and solutions to improve the lives of people every day.

- We serve nearly 90% of U.S. hospitals, more than 60,000 U.S. pharmacies, and more than 10,000 specialty physician offices and clinics.
- We provide more than 3.4 million patients with more than 46,000 home healthcare products.
- Our digital ecosystem to support medication adherence currently reaches more than 23 million patients and more than 60 payers.

Product Overview

Medication nonadherence for patients with chronic diseases is extremely common, affecting as many as 40% to 50% of patients who are prescribed medications for management of chronic conditions such as diabetes or hypertension. This nonadherence to prescribed treatment is thought to cause at least 100,000 preventable deaths and \$100 billion in preventable medical costs per year.¹

When patients adhere to prescribed medication, outcomes — both clinical and financial — dramatically improve. Increase patient compliance with Dispill[®]-USA multi-dose blister card packaging.

Dispill[®]-USA multi-dose packaging costs are at a minimum thanks to patented cold seal technology. To print the labels, you just need a laser printer. With perforated, color-coded blister packs in both 28 and 32 blister cell card options, you can tailor Dispill[®]-USA packaging to fit all your customers' unique needs. Compatible with most pharmacy management systems, you can access free software to make printing easy. Free access to marketing materials is also available to promote Dispill[®]-USA to your community, such as bag stuffers, posters, videos, and more.

You may order Dispill[®]-USA packaging, available exclusively through Cardinal Health, regardless of your primary distributor affiliation.

Features & Options
