Company Background

Since 2011, ISO-MED, Inc., a medical supply distributor, has been supplying quality products for pharmacy cleanrooms and other medical industries in the United States. We are dedicated to achieving and maintaining compliant sterile compounding cleanroom environments, laboratories, homecare, and more.

Product Overview

ISO-MED's brand of products are manufactured at the highest-quality levels and meet or exceed USP <797> and USP <800> standards for labs, compounding pharmacies, homecare, and more. Providing an unrivaled level of customer service and delivery convenience, we offer highly cost-effective purchasing options for all our valued customers!

Whether solutions are needed for the pharmacy cleanroom environment, laboratory, or homecare, ISO-MED is known for developing and distributing superior products that meet or exceed USP <800> compliance. We are driven to help healthcare-oriented organizations save money.
