## Company Background

Fourth Power Labs, based in Tulsa, Oklahoma, is 100% employee-owned and operated. It serves the independent pharmacy market with a line of broad-spectrum, hemp-derived, THC-free CBD products that deliver unmatched quality. Fourth Power Labs' sole focus is to provide CBD products exclusively to medical professionals and their patients.

The company was founded in 2019 by pharmaceutical industry veterans with decades of success and experience working in highly-regulated FDA environments serving independent pharmacies. Fourth Power Labs' founders' experience spans Major Pharmaceuticals, Rugby Laboratories, AmerisourceBergen, Harvard Drug, and Letco Medical.

*"I am personally very excited to share the work we have done to elevate the CBD industry. We have brought together over 25 years of pharmaceutical industry experience, and a team of Ph.D. scientists and industry experts to bring you high-quality, hemp-formulated products with exacting levels of CBD and CBG that your patients deserve in every dose."*

— Greg Lake, CEO

Fourth Power Labs' pharmaceutical-grade products meet strict safety standards verified by lot-specific certificates of analysis available on all products. The company's distribution operations are performed by the CBD industry's only CFR 210/211 compliant facility that the FDA regularly inspects.

## Product Offering

Fourth Power Labs' products are available in a wide range of forms and strengths. Each product is designed to deliver consistent quality care to your patients.

- Sublingual Oil
- Softgels
- Deep Tissue Roll-On
- Trial Size Sublingual Oil — Great for Marketing

## Making *Better* Happen

### ■ Commitment to Exclusive Distribution Through Medical Professionals

You will not find Fourth Power Labs' products in grocery stores, vape shops, convenience stores, or big chain pharmacies.

### ■ The Most Comprehensive Third-Party Testing Program in the Industry

All finished dose products are rigorously tested by Eurofins, the only U.S. laboratory to partner with the FDA in method development to test cannabinoids. Eurofins serves as the FDA's outsourcing laboratory for their own testing needs for CBD products.

### ■ Unique and Proprietary Ph.D. Developed Product Formulation, Rich in CBD and CBG

Fourth Power Labs' hemp-derived, THC-free, broad-spectrum products always deliver a standardized 8:1 ratio of CBD to CBG and other minor cannabinoids, providing confidence and consistency in every dose.

### ■ Robust e-Commerce Website

Fourth Power Labs' website provides your patients with the convenience of ordering online while crediting you for the purchase — protecting your patient relationship and profits.

## Partners In Your Success

We partner you with a customer success specialist dedicated to helping educate your team, your customers, and growing your sales. Your success is our success.

- Onboarding Support
- Clinical Support
- Free Marketing Resources
- 90-Day Money-Back Guarantee

## Testimonial

*"Fourth Power Labs has solved the problems in the CBD industry. It is nice to finally have a CBD product I can sell to my patients that is on the same level as the prescriptions they take. I also really love that my patients have an option to order direct via Fourth Power Labs' online solution. Fourth Power Labs is truly a great partner."*

— Chuck Davis, RPh
