Company Background

SuiteRx is an independently owned pharmacy software company catering to long-term care, retail, combination, mail-order, multi-location, specialty, and various other pharmacy environments. Pharmacies using our applications find more time for patient-focused care because their once manual tasks are now easily automated. Leverage the power of our highly configurable workflow, reap the benefits of our data extraction and analysis methods, and find value in the consultative approach our implementation team takes to align our software to your business goals. Over the years, we remained dedicated to developing our people, strengthening our capabilities, and building trusting relationships with our clients and partners. We also pride ourselves on providing superior talent to deliver high-quality pharmacy solutions aligned with the key objectives of our clients: operational efficiencies, increased staff productivity, integrated technology, and streamlined processes. We do so with flexibility and nimbleness that fit your goals — not ours. If you are looking for an all-inclusive pharmacy software solution at an affordable cost without sacrificing quality, SuiteRx Software is the right choice for you! Current SuiteRx product offerings include: SRx, SRxGateway, MyRx, SRxDelivery, SRxUniversity, SRxConnect, SRxAPI, SRxGen, and SRxAffinity.

Product Overview

Developed by pharmacists, for pharmacists, our SRx program enables independent and small chain pharmacies to use state-of-the-art technology to better meet the needs of their customers and increase speed and accuracy in the pharmacy. With retail, long-term care, specialty, 340B, and combo versions of the software, SRx is a comprehensive solution, which integrates document management, delivery, POS, inventory management, web portal capabilities, and compounding into one seamless application.

- **Paperless Faxing Functionality:** Cuts down on prescription processing. Electronically send, receive, edit, and link faxes to specific patients and prescriptions.
- **Cycle Fill Capabilities:** With one mouse click, automatically fill and bill groups of patients on a set schedule (e.g., monthly, weekly).
- **Inventory Tracking:** Ability to monitor inventories in real time and send electronic PO's when drugs reach their specified reorder levels.

- **SRxAPI:** Organized around REST, has predictable resource-oriented URLs, accepts form-encoded request bodies, returns JSON-encoded responses, and uses standard HTTP response codes, authentication, and verbs.
- **SRxConnect**: Our new and enhanced customer service website offers solutions not only for support issues, but also custom requests.
- **SRxUniversity:** Online computer-based training program to help train clients and employees on SRx.
- **SRxDelivery:** Real-time delivery information and e-signature capture. The application is available on different mobile devices (Android, iOS, and ipadOS).
- **MyRx:** Allows patients to refill prescriptions, look up drug information, and communicate with your pharmacy from their mobile device.
- **SRxGateway:** Provides communication tools, including EMAR capabilities and refill requests between facilities, physicians, and your pharmacy.
- **SRxAffinity:** Provides views of almost real-time business performance by aggregating metrics from SRx dispensing data and converting it into actionable data for single or multi-site locations.

Features & Options

- Enhanced communication for improved patient adherence.
- Reduced workflow disruption with easy edit ability.
- 365 days of client support.
- Advanced compounding workflow.
- Document and cycle fill management.
- Adherence reporting.
- Shipping integration.
- Custom design.

Testimonial

"SuiteRx is the best pharmacy system on the market. The system allows us to cover all the bases in one package. Document management, online ordering, electronic and paper MARs, statements, electronic exchange of delivery information, and unlimited reporting options are available at our fingertips. In addition, the system is easy-to-use, and makes training much easier than it was with our old system. SuiteRx has become the most valuable tool in our toolbox!"

— Paul M. O'Leary, General Manager, Parkview Health Services, LLC
