Company Background

In 1997, Integra drew on its collective acute and long-term care experience to develop a product – DocuTrack® – with the goal of eliminating paper from the pharmacy. By 2002, Integra further honed its focus to meet the growing, specific needs of long-term care pharmacy workflows. Now, working directly with our clients, Integra offers a powerful, flexible software suite designed by and for pharmacists, and custom-developed for the needs of the complex, growing long-term-care pharmacy market.

Product Overview

The *Integra Suite Solution* is an industry-tested set of long-term-care pharmacy software tools. Our suite is designed to give you a comprehensive, flexible, compliant, efficient, and intelligent toolbox to meet your specific needs. Match our innovative, interface-friendly suite with our flawless, customer service – and you get functional, intuitive software that fits LTC like a glove. With the *Integra Suite Solution*, world-class support is always just a phone call away.

Features & Options

What are the components of our *Integra Suite Solution*? We lead with a proven pharmacy management system – *PrimeCare* – that is the most comprehensive and interface-friendly LTC software in America. *PrimeCare* enables you to process orders quickly, efficiently, and safely, streamlining your daily processes. Experience our Pharmacy at a Glance dashboard, versatile dispensing options, and complete financial data management.

Communicate safely and simply with our *Cloud Fax*, *Secure Messaging*, and *WebConnect* Interactive Facility Portal options. We connect you to your customers and vendor partners securely, so you can exchange sensitive information using email, fax, and internet tools that work best for your pharmacy. *WebConnect* provides access to pharmacy information at your facilities from the nurses' station or at the patient bedside using any tablet with internet access.

DocuTrack is our industry-standard, flexible content management software. Receive, manage, organize, route, retrieve, and track phone, fax, and email documents. Focus your staff on processing orders instead of pushing paper, simplify audits, and experience intuitive search functionality.

Take advantage of compliant pharmacy logistics with *DeliveryTrack*. Track your prescriptions from input through facility delivery, keeping the chain of custody secure. Now you can take the panic, overtime hours, and financial pain out of the audit process, while maximizing route options and keeping your facility customers informed in real-time.

Logix gives you efficient process automation, providing automated solutions and eliminating repetitive manual processes across our software suite, freeing pharmacy staff for more productive output and faster service. Reduce errors and experience consistent, error-free facility communication.

For intelligent business analytics, *Mevesi* gives you access to your data, customer experience models that solve problems before they even happen, and innovative crystal ball data analysis that helps you predict and stay in front of future needs. *Mevesi* software converts your existing pharmacy system financials into actionable information every day.

The final advantage of our *Integra Suite Solution* is our world-class support. Our Integra service team is always just a phone call away!

Testimonials

“We operate a large LTC pharmacy, servicing assisted living, skilled nursing, behavioral health, and residential care settings. We utilize the entire suite of Integra products (PrimeCare, DocuTrack, DeliveryTrack, Direct Print, eRx Module, Cloud Fax, Secure Messaging, and Logix). This allows us to optimally streamline our operations, easily retrieve information, minimize errors, and create economies of scale. We have worked with Integra for over 10 years and have never been disappointed with their responsiveness, flexibility, and customer service.”

— John Saliba, RPh, President, Saliba's Extended Care Pharmacy
A Guardian Pharmacy

“Using Integra's Suite ensures a seamless flow of pharmacy content and delivery logistics through PrimeCare, DocuTrack, and DeliveryTrack, and provides valuable business analytics with Mevesi. Integra products give us reliable, comprehensive visibility across our entire company.”

— Mark McKee, RPh, Director of Pharmacy, Korman Healthcare
