Company Background

Verity Solutions is an award-winning leader in software and services developed for administration of the federal 340B drug pricing program. Our mission is to make every aspect of 340B program management clear and easy to understand. We believe in optimizing program benefits through predictable automation and support so that every customer can maximize their savings. Verity Solutions is based in Kirkland, Washington, with remote employees stationed across the nation to best serve our widespread customer base.

Product Overview

Hundreds of integrated healthcare systems, acute-care hospitals, community health centers, federally qualified health centers, pharmacies, and other 340B-eligible covered entities throughout the United States rely on Verity 340B® software and services to successfully manage their 340B program. Our comprehensive solutions for *split billing*, *contract pharmacy*, *specialty contract pharmacy*, *compliance management*, *purchase analytics*, and *pharmacy network management (VHUB™)* all offer:

- **Agile Software Platform:** Built and deployed with security, performance, scalability, ease of use, and agility as primary goals.
- **Intuitive Application:** Designed with our users in mind, we maintain ongoing feedback and collaboration with our clients. This collaboration steers our continual software and services development.
- **Responsive Support:** Designated account managers provide focused support, training, audit readiness, and regular business reviews to maximize your 340B program success and help you maintain compliance.

What Sets Verity Solutions Apart?

Recognized as KLAS Category Leader for 340B Management Systems for the third year in a row, Verity Solutions is uniquely qualified to partner with your organization to ensure 340B compliance and optimized savings.

■ Highlights
