AutoRx

Company Background

With over four million prescriptions processed, Mitchell Pharmacy Solutions – AutoRx is the largest and most advanced processor of auto accident related pharmacy transactions in the U.S. By contracting with over 47,000 pharmacies and working with over 300 auto insurance companies (including all the major companies), we are able to ensure qualified auto accident related prescriptions get dispensed and billed, properly and immediately, and *guarantee you're paid*.

Product Overview

We make it easy for patients injured in auto accidents to fill their related prescriptions at a pharmacy of their choice. AutoRx enables pharmacies to electronically process and bill No-Fault, PIP, and MedPay auto claim prescriptions – eliminating the need for patients to pay cash and submit receipts (depending on state insurance laws and individual policy limits). We guarantee payment to the pharmacy.

Features & Options

- Easy and efficient.
- Immediate adjudication for most claims; maximum 15 minute response time.
- No or low out of pocket costs for your patients (depending on state insurance laws and individual policy limits).
- We verify prescriptions are auto related and within policy and state law limits.
- You're guaranteed payment on all processed claims at agreed upon contracted terms.

Markets Served

We help pharmacies serve auto accident patients who were injured in states with first party auto insurance laws, known as No-Fault, Personal Injury Protections (PIP), or Medical Payment coverage (MedPay). States include Arkansas, Delaware, Washington D.C., Florida, Hawaii, Kansas, Kentucky, Maryland, Massachusetts, Michigan, Minnesota, New Hampshire, New Jersey, New York, North Dakota, Oregon, Pennsylvania, South Dakota, Texas, Utah, Virginia, Washington, and Wisconsin.
