Company Background

Founded in 1992, Return Solutions is one of the most experienced and trusted reverse distributors in the industry. Over the last 30 years, we have formed relationships with group purchasing organizations across the country and are currently recommended by over 25 buying groups representing 20,000+ pharmacies. In 1998, we became the first returns company to issue checks to our customers for credit, and since then have paid customers over \$1 billion.

Product Overview

Reclaim time spent tracking pharmaceutical return credits so you can focus on patient care and running your business. The OneCheck Select program optimizes the reimbursement process, consolidating credit into one check and ensuring that you receive credit quickly — within as few as 10 days if you choose our 10-Day Pay Program, or within no longer than 90 days with our most economical option. Credit values are listed on the check stub, so you know exactly how much you have received from each manufacturer. Our all-inclusive fee, including shipping, CI-CV processing, destruction of non-returnable items, and extensive reporting available on our website, is a fixed percentage of your returnable product value and is deducted from the check we issue to you, so there are no hidden fees or surprise charges. Choose from our comprehensive On-Site Service and let our experienced representatives handle every aspect of your return or use our easy and economical web-based Mail-In Service if you prefer to complete your returns on your own time.

Features & Options

■ OneCheck Select

- Credit consolidated into one check.
- Choose your reimbursement time frame.
- Check issued within as few as 10 days after your return.
- 30-, 60-, and 90-day reimbursement also available.
- All-inclusive fee with no hidden charges.

■ On-Site Service

- Experienced representatives scan all prescription shelves for short-dated and outdated items.
- All items are scanned into our proprietary valuation software.

- Items are packaged and prepared for FedEx pickup.
- Receive a credit estimate and detailed reporting before the rep leaves your store.

■ Mail-In Service

- Only CII-CV items are required to be inventoried.
- Print return authorization forms and prepaid UPS shipping labels.
- Give boxes to any UPS driver.
- Receive a credit estimate and detailed reporting online within three to five business days.

■ Destruction Service

- Safe, simple, and compliant destruction of unsaleable pharmaceuticals.
- Non-hazardous products destroyed by EPA-approved waste-to-energy incinerator.
- Controlled substance destruction witnessed by at least two employees.
- Proof of destruction and DEA forms included in pricing.

Online Reporting

Return Solutions' 24 hours a day, seven days a week online portal allows you to access your entire return history down to NDC level along with all credit information. We provide business analytics and trends so you can adapt purchasing habits to ensure maximum future ROI. You can print controlled substance reports and proof of destruction to ensure you are always in compliance in case of an audit.

Testimonial

"Return Solutions has been our return goods company for many years and their service is unquestionably the best. Our representative is very qualified, efficient, and knowledgeable. I have highly recommended to other pharmacies in the past and will continue to do so. Awesome people to work with!"

— Drive In Drug Store, Amite, LA

Consumer Medication Collection

MedCollect by Return Solutions provides simple, cost-effective, and compliant disposal of unused consumer prescription medications. Medication take-back receptacles help fight prescription drug abuse, prevent accidental poisoning, and protect the environment with waste-to-energy destruction. Installing a collection receptacle drives traffic to your pharmacy and displays your commitment to the health and safety of your community through responsible drug disposal. MedCollect offers two sizes of collection cabinets and provides you with everything you need for compliant collection and disposal, starting at just \$89 per month.

Ordering Information

To learn how Return Solutions can help decrease time spent on returns and maximize your expired product credit, call (800) 579-4804, email support@drugreturns.com, or visit www.drugreturns.com for additional information or to create an account.
