■ ReconRx

ReconRx works for independent pharmacies to provide an efficient and cost effective way to track and recover payments to your pharmacy from third party payers. ReconRx tracks payment at the transaction (claim) level to ensure payment to your pharmacy in the amount promised at the time of adjudication.

ReconRx automatically goes after payment up to 15 days earlier than competing programs in order to recover missing payments, ensure timeliness of payment, and increase cash flow. An online Aging Report allows your pharmacy to view up-to-date receivables 24 hours a day.

Program Details:

- Electronic reconciliation at claim level
- Effective tracking of payments
- Enhance cash flow for slow, missed, and partial payments
- User-friendly website available online 24/7
- No software to install; No specific software system required
- No manual data entry required by your pharmacy
- No research or setup fees
- Payments will continue to be received at your store or through your PSAO
- An optional "Single Pay" program is available for high-volume pharmacies that prefer payment to one central location
