Company Background

TCGRx is a leading supplier of pharmacy automation and pharmacy design services. Our solutions range from individual components to address specific issues, to complete pharmacy design. TCGRx has an experienced staff, and we pride ourselves on delivering high-quality, reliable products that can be used, improved, and scaled, for decades to come.

Product Overview

The ATP® Mini enables pharmacies of any size to launch and maintain an adherence program without sacrificing their space, features, and accuracy. ATP Mini is fully scalable while maintaining all of the major benefits of AdherePac™ while providing advanced cost savings and customer satisfaction. The small footprint of the ATP Mini provides advanced packaging technology for Adherence and Unit Dose packaging. Four pouch sizes allow for more flexibility in providing a solution to any patient population. The ATP Mini's state-of-the-art printing on pouches includes various font sizes and styles, logos and icons for visual recognition and pharmacy branding, and extended barcodes including 2D and Linear.

Additional Product Lines

■ InspectRx® Mini®

InspectRx® Mini enables pharmacies of any size to begin an adherence program without sacrificing their workflow, labor efficiency, and patient safety. Inspect Mini is a high-speed imager that helps facilitate the checking process, with less space than a traditional medication imaging device. The Mini allows a pharmacy to grow as business increases, and afford the staff to spend more time with their customers than manually checking medications.

Markets Served
