Company Background

Borin-Halbich Inc. has been in business since 1972 when it started with a simple handshake. Incorporated in California in 1973 under the Borin-Halbich name, Mr. Borin represented the sales and Mr. Halbich represented the manufacturing. Borin-Halbich currently manufactures its patented organizer and syringe holder lines in Spokane, WA and offers a variety of practical and successful patient compliance products.

Product Overview

The 7PACK is a patient compliance medication organizer that holds seven pill containers - one for each day of the week. Each daily container may be removed from the 7PACK for patients on the go. This flexibility promotes the accurate tracking of daily doses for those who are forgetful or traveling. The 7PACK is available in five different sizes and multiple languages. Like most Borin-Halbich products, 7PACK units are available with custom imprinting and come with a lifetime warranty.

****Made in the USA since 1972.****
