Company Background

Since 1978, Health Care Logistics has been a health care industry leader who specializes in manufacturing, packaging and distributing unique and hard-to-find products. In addition to the 10,000+ products available in HCL's inventory, the company provides free search and procurement services for non-inventory items. HCL offers small product quantities and has no minimum order requirements. Visit HCL online at GoHCL.com or call 1-800-848-1633 to speak live with HCL's friendly, knowledgeable customer service staff from 8 a.m. to 8 p.m. Eastern Time Monday through Friday.

Product Overview

HCL Vial Seals and Bag Port Seals are sterile, foil, tamper-evident seals that keep prepared meds free from contamination and accidental double dosing. Removal of the seal's outer layer leaves a printed "OPENED" warning and cannot be reapplied. This ensures integrity from preparation to administration. Vial Seals are offered in Blue, Red and Chrome for easy identification and for color-coding contents. Vial Seals are also available for 13mm, 20mm and 28mm vials. And there are Blue and Red color options for the Bag Port Seals. Both types of seals are packaged 1,000 per roll in easy-to-use clamshell containers that have a hanging tab for convenient dispensing. USP <797> friendly packaging with a lint-free seal liner. Free samples are easily available through our Customer Service Department or online.

Ease of Use

Vial Seals and Bag Port Seals arrive ready-to-use in a convenient clamshell dispenser. Simply remove them from the backing and apply to vial caps or IV bag ports for tamper-evident drug product protection.
