## Company Background

Over its 30 years in the industry, PRS Pharmacy Services, with its NASI affiliate, has grown to be nationally recognized as the “go to” company for retail pharmacies seeking help with a variety of complex and time consuming issues. PRS currently offers the most widely used compliance programs for HIPAA, DMEPOS Accreditation, state-specific Pharmacy Policy & Procedures Manuals and Quality Assurance Programs, plus our new Medicare Audit Survival Guide. The PRS teaching programs, such as Residential Care, for those entering the long term care market, and the PRS Ownership Program, for those buying or opening a new pharmacy, are endorsed by every major pharmacy organization, including NCPA. The PRS professional staff, with their expertise in every area of pharmacy and a strong technological component, constantly update the PRS programs and look for innovative ways to assist retail pharmacy owners in achieving and maintaining success.

## Product Overview

The PRS Retail Pharmacy Operational Manual is a collection of state and federal good business practices to help your pharmacy operation run smoother. The Program contains policies, procedures and forms for personnel, vendors, facility, pharmacy practice, prescriptions, controlled drugs, third party insurance, inventory and compliance all included in a three-ring binder to keep on-hand in your pharmacy.

The CD contained within the binder includes all the documents that make-up the Retail Pharmacy Operational Manual, which you can customize to assist you in meeting state laws, as well as allowing you to enter your own existing policies and procedures directly into the program.

This program is available as a package with the PRS Employee Handbook.

This customizable employee handbook will allow you to feel at ease about your pharmacy operation and the interaction between you and your staff.

Our commitment to customer satisfaction and our decades of experience make PRS the place to go for your Retail Pharmacy Operational Manual. You can count on us to stand behind our products, always offering live customer support, no automated systems. So join us and ensure the success of your pharmacy operation for years to come.

## Additional Product Lines

### HIPAA Compliance Program (includes Privacy, Security, and HITECH):

Increased regulation and enforcement means HIPAA compliance has become more pressing than ever. Our program provides reliable policies and procedures, as well as forms and instructions on implementation. On-site consultation available.

### Medicare Fraud, Waste and Abuse:

This program contains policies and procedures as well as the required training documentation in order to comply with Medicare Part D Fraud, Waste and Abuse prevention.

### Pharmacy Quality Assurance Policy:

A quality assurance policy is not only a good business practice, it is required by all Part D plans and many states and PBMs.

### DMEPOS Accreditation Program:

DMEPOS Accreditation is required to bill Medicare by all non-exempt pharmacies. In addition, some state Medicaid and private insurances require it as well. Becoming DMEPOS Accredited can help you maintain your current patient base while gaining you access to more. On-site assistance available.

### Pharmacy Technician Policy and Procedures:

These standard policies and procedures will assist your pharmacy technicians in understanding their respective roles within the pharmacy.

### The PRS Pharmacy Ownership Program:

The Pharmacy Ownership program takes you step by step through the process, from completing a Trade Area Review to a complete operational evaluation of the business.
